

THE AMERICAN RADIO RELAY LEAGUE

INCORPORATED

A MAGAZINE DEVOTED ENTIRELY TO AMATEUR RADIO

EXECUTIVE HEADQUARTERS
Hartford, Conn.

CABLE ADDRESS
QUIST, HARTFORD

OFFICIAL ORGAN: **QST**
KENNETH B. WARNER, EDITOR

May 6, 1929

TO ALL AFFILIATED CLUBS:

The American Radio Relay League is making the annual canvas of all its affiliated radio club organizations at this time. Such a canvas is necessary to bring Headquarters files strictly up-to-date in every particular.

We would like the very latest list of officers and other information that you have available. Therefore it is requested that you fill out the attached blank and return it in the stamped self-addressed envelope that is enclosed.

Clubs not heard from before June 10 will be assumed to be inactive, and they will be placed in our inactive file. Any club will be returned to the "active" list to receive our future bulletins and communications just as soon as any indications of activity (or late returns of this questionnaire) are received, however.

This is a good time to write us a line about your regular club doings, too. What are your most difficult problems, and what can we do to help with them? From time to time we can use material about clubs in bulletins sent to affiliated clubs. We endeavor to use current reports of club activities turned in by the proper Section Managers in the Section reports in **QST** when space limitations will permit. There is one requirement -- that the material must be of GENERAL interest and usefulness to other clubs.

Did you note the appeal for Communications Department articles appearing on page 62 of March 1929 **QST**? Thus far no contributions on club work, or contributions on operating matters of general interest have been received from our members. A wide field of subjects was suggested in our contest announcement and an examination of recent **QST**'s shows the material already presented. Some useful A.R.R.L. material (choice of a quantity of message blanks, log sheets, or a bound Handbook) is available to authors of prize-winning articles. It is suggested that this matter be brought up at your next club meeting and called to the attention of any who may be interested.

Please fill out the enclosed questionnaire, taking it up at your next club meeting if necessary, to get all the information wanted for Headquarters files. Return it to Headquarters as soon as possible so we can bring the mailing list up-to-date. It will be much appreciated if you will give this matter your early attention.

Sincerely yours,

F. E. Handy
Communications Manager
